Harry Wright's Condition Critical.
ATLANTIC CITY, Oct. 2.—A bulletin posted by Dr. Bennett, who is attending Harry Wright, the veteran baseball manager, says: "The condition of Mr. Wright is at a critical point. He was taken with a sinking relapse, and for a time his life was despaired of. He rallied, but is yet in a serious condition."

Dragged to Death by a Runaway.
LYNCHBURG, Va., Oct. 2.—A fatal runaway accident occurred on Sunday in Halifax county, ten miles west of Brookneal. Miss Laura Barksdale, daughter of Rev. Albert Barksdale, was killed and Miss Annie Melvor was seriously hurt, being dragged over the ground for some distance.

Shot by His Elder Brother.
HARRISBURG, Oct. 2.—Charles R. Jones, a well known colored caterer, was shot and dangerously wounded last night in a quarrel with his elder brother, Walter Jones, aged 29 years. Walter was held to await the result of his injuries. He declares that the shooting was accidental.

The Public Debt.
WASHINGTON, Oct. 2.—The monthly statement issued by the treasury department shows the public debt on Sept. 30, less cash in the treasury, to have been \$94,189,636, an increase for the month of \$1,834,687.

Incendiary Burglars in Illinois.
SPRINGFIELD, Ill., Oct. 2.—At 3 o'clock in the morning the confectionery store of Samuel A. Covington, on East Capitol avenue, near the state house, in this city, was found to be in flames. Mr. Covington was found lying on the street unconscious. He recovered shortly afterward, and said he had been beaten into unconsciousness by burglars. The store was totally destroyed.

Saving the Mariposa's Cargo.
ST. JOHN'S, N. F., Oct. 2.—Commodore Carson Howe, commanding the cruiser Cleopatra, telegraphs from Bonaville bay that the steamer Mariposa is still hanging on the rocks, while several steamers and cruisers are engaged in taking out the cargo salvage. She is only supported on the rocks by half her length, but if she does not go to pieces nearly all the cargo, except the grain, will be saved.

Cheering for Michigan Miners.
IRONWOOD, Mich., Oct. 2.—After a three days' strike the demands of the miners and other employers at the Brotherton mine at Wakarusa for higher wages have been granted. The miners struck for \$1.05 a day. Mines which have been idle for years are opening up every week, and the prospects of range towns were never better.

Swiss Swords, Spanish Pikes.
The prowess of the Swiss infantry is generally dated back to Morgarten (1315) or forward to Sempach (1386), but in reality it can be traced to a generation or two, some say a century and a half, before the former action. Be that as it may, Morgarten first announced the fame of the Swiss to Europe. Sempach raised it still higher, and finally the three terrible defeats of Charles the Bold at Granson, Morat and Nancy (1476-77) established it forever. From that time the Swiss became the model of Europe. The German landsknechts adopted their weapons and tactics, and even for a time their name, while crafty little Louis XI took 6,000 of them into his pay and set them to reach his Frenchmen their work, for all Europe required to learn true soldiering, to obey orders and, above all, to preserve formation, which has been the secret of the Swiss victories. Before the fifteenth century was passed came Charles VIII's celebrated expedition to Italy and his entry into Rome, wherein the carriage and order of his Swiss mercenaries were the amazement of all beholders.

It was the French interference with Italian affairs that spread the new discipline abroad, for among the opponents of the most Christian king was a man of genius, the general of Ferdinand of Aragon, Gonsalvo of Cordova, known over all Europe as the Great Captain. He, when the campaign was ended, in 1498, took the remodeling of the Spanish forces in hand and laid the foundation of the famous tercios that were soon to supplant the Swiss companies as the pattern for European infantry. It was in the Spanish tongue that the pike was first named the "queen of all weapons"—Macmillan's Magazine.

UNLUCKY TO SAVE FROM DROWNING.

Some Queer Superstitions of People the World Over.

It seems strange that swimmers should be superstitious, yet it is so, nor is it alone the small boy who sees his companion sinking into a watery grave without attempting to rescue him, whether he sank because he was not an expert and got beyond his depth, or whether he was seized with cramps. It seems ridiculous to think of, and no doubt it will save many a superstitious person from risking his own neck by being dragged under by the weight and struggles of a drowning person to know it is counted unlucky and worse than madness to try to save the life of a drowning person or to resuscitate him, as sooner or later he is bound to do you some mean turn.

It is another one of those old superstitions handed down from generation to generation from our European ancestors, and of which no one knows the derivation. Traces of it are found among the Sioux and other tribes of the Indians of the west, who seem to have inherited that belief from their forefathers along with so many other quaint things. They still believe, and it's a part of their creed, that in hunting the body of a drowned person you can discover its resting place by floating a chip of cedar wood, which will stop, even in the strongest current, and turn around over the exact spot.

In Great Britain the belief that you must not rescue a drowning person is most prevalent in Cornwall and various parts of Scotland. The French sailor and the boatman of the Danube bow to the decree, together with the Russians, and let the people drown.

Dr. Taylor, in his "Primitive Culture," declares this lingering fondness for this old creed is because the water spirit is angry at being despoiled of its victim, and should the unlucky person who has dared to frustrate him trust himself to the water's power he will drown as sure as fate.

The Bohemian fisherman shrinks from snatching a drowning man from the waters, fearing the water demon will take away his luck in fishing and drown him before he gets to shore with the would be victim. In Germany, when some one is drowned, they say, "The river spirit claims his yearly sacrifice," or, "The Nix has taken him."

The belief is current not alone in those countries above mentioned, but the Kamchatkans, rather than help a man out of the water, would force him under, and if he should escape to the shore no one would dare receive him into his house or dare to give him food. He is supposed to be dead after once falling into the water.

THE SARGASSO SEA.

A Wonderful Region in the Atlantic Which No Man Has Explored.

The surface of the Sargasso sea seems like a perfect meadow of seaweed. It is supposed that this enormous mass of gulf weed may have been partly grown at the bottom of the shallower parts of the sea and partly torn from the shores of Florida and the Bahama islands by the force of the gulf stream. It is then swept around by the same agency into the Sargasso sea, where it lives and propagates, floating freely in midocean. And the store is ever increasing, both by addition and propagation, so that the meadow grows more and more compact, and no doubt at the inner parts extends to a considerable depth below the surface.

Nor is this all, for at least two-thirds of all the infinite flotum which the gulf stream carries along with it in its course sooner or later finds a resting place in the Sargasso sea. Here may be seen huge trunks of trees torn from the forests of Brazil by the waters of the Amazon and floated down far out to sea until they were caught and swept along by the current; logwood from Honduras, orange trees from Florida, canoes and boats from the islands, stranded in, broken and bottom upward; wrecks and remains of all sorts reaped from the rich harvest of the Atlantic; whole keels or skeletons of ruined ships, so covered with barnacles, shells and weeds that the original outline is entirely lost to view, and here and there a derelict ship, transformed from a floating terror of the deep into a mystery put out of reach of man in a museum of unexplained enigmas.—Chambers' Journal.

Deafness Cannot be Cured

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ADULTERATION OF MILK.

ASSISTANT DAIRY COMMISSIONER TUTHILL DEFENDS THE FARMERS.

Not One Farmer in a Hundred Ships Adulterated Milk to the City Market—Skim Milk Used as an Adulterant by Creamerymen—Interesting Figures—Results of Investigation in the Strauss Case.

I have been asked, "will you give the public the results of your inquiries into the purity of milk as delivered by the farmer to creameries or shipped direct to the New York market?"

I believe from the inspections made in this Division (300) of the Agricultural Bureau of the State, which includes the counties of Columbia, Dutchess, Delaware, Greene, Orange, Putnam, Rockland, Sullivan, Ulster and half of Westchester, I can safely say that the milk shipped to the city market, direct from the farmer, is practically pure as when drawn from the cow. I do not believe that the ratio of those sending adulterated milk to those who send unadulterated would be one to one hundred shippers taken as a whole.

As to the farmers selling to the creameries, they will and do take more chances, for it is common talk, and generally accepted as true, that few if any of the creameries have been sending the milk just as received from the farmer. There is an impression that more or less skim milk is added to a can of whole milk. Now an unscrupulous farmer will think if this creameryman mixes skim and whole milk together, "I will add a few quarts of water to my milk before I take it." That he thinks will make it even and it will never be known because after he delivers it, it is placed in a promiscuous lot and mixed with that brought by other patrons. Of these farmers a number have been found out to their individual sorrow, and, sooner or later, those who have not will be. But from examinations made I do not believe the ratio would exceed one in fifty patrons taken as a whole.

HOW CREAMERIES USE SKIM MILK. In regard to milk shipped by creameries, I stated there was an impression that more or less skim milk was added to whole milk and sent to the city as unadulterated milk. I am of the opinion such is the case, for in one instance we caught a person in the act of adding about five quarts of skim milk to each can of whole milk. This man was arrested, pleaded guilty and was fined \$50. On having a sample of this same milk analyzed it had the required amount of solids and fat, and therefore it would have been passed as pure milk. I, standard milk, according to law, if we had not seen what was being done.

There is a very strong inducement for the creameryman to adulterate with the skim milk, for under the present law there is practically no market for skim milk. They have to furnish a great quantity of cream for the market, and then the skim milk is left on their hands. To make it into skim cheese costs more than it will return them. Some is made into pot cheese, but there is only a limited sale for that at a very small gain, so, if not used as stated, skim milk is almost a dead loss.

MONEY IN SKIM MILK. Again, if creamerymen did not do this, how could they have lived during the past few years? To explain: The price of milk was made from time to time by the Milk Exchange, Limited, said price named to be market price for milk delivered to the city market. All milk delivered to creameries was bought on that basis, at from 1 to 1.5 cent per quart less, as time of year and location determined. But during these last few years, while the buying price was kept on the same basis, creamerymen, as a rule, would cut the selling price in the city from five to fifteen cents per can, which means about 1 cent per quart. Let us see how that could be done and make both ends meet. For instance, I have a creamery and handle 100 cans per day. The Exchange price of milk in the city is 2 cents per quart or 90 cents per can. Now bought on a basis of 1 cent less, which a number did say, said milk would cost \$80 per day. If I sell the same at ten cents per can less than the market price, it will net me just \$80, leaving me nothing for running expenses of the concern. I have, however, an order for two cans of cream per day. To make that I skim fourteen cans of milk, and have two cans of cream and twelve cans of skim milk and eighty-six cans of whole. According to the Milk Reporter of September, 1905, when milk was worth 90 cents per can, cream was \$5.25 per can. Now to each can of whole milk add 1.5 quarts of skim milk and you will have 98 cans of milk ready for the market at 80 cents per can; then my receipts would show 2 cans of cream, at \$5.25 per can, \$10.50; 98 cans of milk at 80 cents per can, \$78.40, a total of \$88.90, or \$8.90 over and above first cost.

PROSECUTIONS OF CREAMERYMEN. I am also of the opinion that at most times in the year as much as five or six quarts of hand skim can be added to almost any dairy as delivered from the farmer, and yet

come within the law as standard milk. Now it is impossible for us to be at all these creameries when the milk is being fixed for shipment, but whenever we have inspected said milk, either as delivered by the farmer to them or when delivered by themselves to the boat or railroad station, and found any we considered below the standard, samples were taken, which, if on being analyzed, prove to be adulterated, each and every one was prosecuted within a very short time, and, if convicted, was dealt with as the magistrate before whom brought, interpreted the law.

FOR THE PROTECTION OF LAW BREAKERS.

This course was pursued until about June 10th last, when a new law went into effect in regard to all prosecutions brought by the different bureaus and commissions in the State. The Governor and the Legislature of 1895 thought it wise to have all such legal business of the State under control of the Attorney-General. Therefore, all prosecutions were stopped by me and I was directed by the Commissioner of Agriculture to forward any and all complaints to the head office in Albany, and they would be turned over to the Attorney-General. Since that time some twelve or fifteen cases have been made in this division, and are now awaiting decision from Albany as to what to do. Now as to the adulteration of milk in New York city.

IN DEFENSE OF FARMERS.

In justice to the farmers of this community and surrounding counties I take exception to the statement coming from the Board of Health of New York city that sixty per cent, or more of the adulteration is done by the farmer. While, as I have stated, a few farmers do adulterate their milk and some creamerymen send more or less skim milk, I contend that ninety per cent, of the milk adulteration by adding water is done after it reaches New York city.

For instance, take the case of Mr. Strauss. Milk was found at 47 Pike street, New York, that was adulterated. On investigation it was also found that said milk was furnished by P. E. Sanford & Co. Now as to results, I quote from the New York Sun of Sept. 11th, 1895: "Mr. Sanford says that the milk tested by the Health Board was not from his own dairy, but was bought by him from another dealer. Mr. Kincaid, who manages the Strauss depots, admitted to the Health Department officials that the milk was not tested in the depots."

In the Sun of Sunday, Sept. 15, Mr. Strauss is quoted as saying: "It is just as I have said, sixty to seventy per cent, of the adulteration is done in the country and no milk should be shipped to the city unless it is inspected; also all farms from which milk comes." In fact one could infer that a farmer must take out a license to send his milk to the New York market.

WILLING TO COME OUT OF THE WOODS.

What are the facts in the case? After a thorough investigation by the Board of Health they find one Ray Lefkowitz, an employee of Mr. Strauss, who had charge of the Pike street store, had taken off a portion of the cream and supplied the deficiency by adding water. On learning this Mr. Sanford is more than willing to own this milk, saying it was shipped to him direct from the farm of Mr. Hyndard, of Sussex Co., N. J. He had taken this dairy for twelve or fifteen years and he had no doubt it was pure, as it had always been an exceptionally fine dairy. He immediately calls Mr. Hyndard to the city, who goes before the Board of Health and states positively that said milk was pure when it left his farm. "All of which I truly believe," also Mr. Strauss, if correctly reported by different papers, has since said: "I have no doubt that there was an arrangement made to make money out of the milk sold by the employee. The milk was all tested before being left at the several depots, and I have no doubt but what it was pure. But as the employee of each depot had to turn in an amount of money equal to quarts of milk sold, said employee had taken cream and milk from the cans and had to add water to make up the required amount of milk."

In this case where have they shown any adulteration on the part of the farmer? I contend that this is only parallel with hundreds of other cases; and if every case made was as thoroughly investigated as this one, ninety per cent, of them would have the same ending, adulterated by the addition of water after reaching New York city.

THE ST. PAUL'S TRIAL TRIP.

It Is Believed She Will Exceed the Time Made by the St. Louis.

GLIOCESTER, Mass., Oct. 2.—The St. Paul, the latest addition to the International Navigation company's fleet of fast steamers, started on her maiden trial trip this morning over the ocean course, off Cape Ann. As the new boat is to be an auxiliary to our warships, should it ever be necessary to press her into service, the naval officers comprising the government trial board, are on board.

The St. Paul, which left the Delaware at 1:30 P. M. yesterday afternoon, anchored at the port at 5:30 last evening. During the run up the coast the ship behaved admirably, and the working of her machinery was so satisfactory that for an hour the ship's two engines were run at an average of ninety revolutions per minute. One of them was speeded up to ninety-four on a spur, which is within one stroke of the maximum capacity, and during this period the steam pressure ran up to 137 pounds, three pounds less than the maximum. An estimated speed of 31 knots was acquired with a horse power development of about 20,000. In view of the fact that the machinery has been in use but little over two days, the results obtained are considered remarkable.

No one board the ship doubted that she will easily develop the twenty knots an hour necessary to place her in the auxiliary cruiser class, and many believe she will beat the St. Louis, which on her recent trial in the English channel averaged 22.4 knots an hour for nearly five hours. During the night the crew cleaned the funnels, boiler tubes and smoke boxes, but no other special preparations were made for the trial trip.

The official trial board will consist of Commander Bradford, Lieutenant Commander Schroeder and Lieutenant Mallahan. The latter made a special inspection of the ship to ascertain her ability to carry guns in the event of war, and has found that she meets all the requirements of an auxiliary cruiser.

A Leper at Large.

PHILADELPHIA, Oct. 2.—It has leaked out that James Benjamin, the most recent acquisition to the leper ward at the Municipal hospital, escaped fully a month ago, and is at large now in the precincts of this city. The fact that he escaped has been withheld, it being the desire of the hospital authorities to keep the matter a professional secret. Benjamin was the most recent acquisition and most interesting of the class of lepers in that department of the hospital, and at the time of his arrest, six months ago, there was a great deal of sympathy given to the case. The man is about 30 years old, well built, swarthy complexion and exceedingly well educated. He claims to be a West Indian, although his features more resemble those of the negro intermixed with the Caucasian.

Massachusetts' Democratic Ticket.

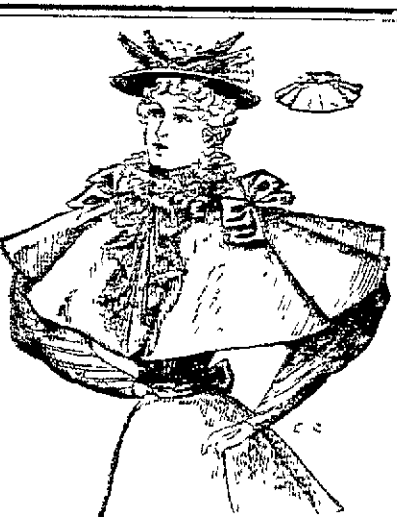

WORCESTER, Mass., Oct. 2.—The Democratic state convention opened here at 11 o'clock this forenoon. The work of organizing was quickly perfected, and while awaiting the report of the committee on resolutions the following ticket was placed in nomination: For governor, George Fred Williams; lieutenant governor, Charles H. Spellman; secretary of state, Edward J. Flynn; auditor, Alfred C. Whitney; treasurer, James S. Grinnell; attorney general, Henry L. Hurlbut.

The Cigarette Warfare.

ROCHESTER, N. Y., Oct. 2.—The war between the American Tobacco company on one side and the National Cigarette and Tobacco company on the other has reached Rochester and the price of cigarettes took a sharp drop in consequence. Cigarettes that have been selling for some years at the rate of ten for five cents to the consumer were sold in most of the leading tobacco stores today at twenty for five cents, and it is understood it is the same all over the state.

If the patient's strength can be maintained, and the great vital centres of the body "kept up" to the performance of their natural functions, they will thus dispel the disease germs that impregnate the entire body, and if sufficient vitality is experienced, the fatality of this dreaded disease is lessened a hundred-fold.

Bovinine

that greatest raw food, is a wonderful creator of new flesh and nerve tissue, is indispensable in the treatment of this malady, as it gives strength to the patient with the least effort on the part of the digestive organs, and in addition, being itself a germicide, it antidotes the existing microbes of the disease. The ease with which it can be taken when the lesions of the throat preclude the use of other foods, makes it an additional necessity for the sufferer's recovery.

DEMOCRATIC ASSEMBLY CONVENTION.

SECOND DISTRICT.
The Democratic Assembly Convention, for the Second District of Orange county, will be held at the Assembly Rooms, in the city of Middletown, on Wednesday, the 27th day of October, 1895, at 12 o'clock noon, for the purpose of nominating a candidate for the assembly, and for such other business as may come before the convention.
W. H. O'NEILL, Chairman.
Dated Sept. 20th, 1895.

DEMOCRATIC COUNTY CONVENTION.

A Democratic County Convention will be held at Goshen, N. Y., on Tuesday, Oct. 2nd, 1895, at 12 o'clock noon, for the purpose of nominating a candidate for the county offices, and for such other business as may come before the convention.
S. D. ROBERTSON, Chairman.
B. B. SAYRE, Secretary.
Dated Sept. 27th, 1895.

DEMOCRATIC NOMINATIONS.

For Secretary of State, HORATIO C. KING, of Kings county.
For Comptroller, JOHN R. JUDSON, of Fulton county.
For Treasurer, DEWITT C. DOW, of Schoharie county.
For Attorney General, NORTHON CHASE, of Albany county.
For Engineer and Surveyor, RUSSELL R. STUART, of Otsego county.
For Judge of the Court of Appeals, JAMES D. TULLER, of Cayuga county.

SENATORIAL.
For Senator, GEORGE DICKEY, of Rockland.

The Democratic convention in Chenango county, yesterday, adopted a resolution declaring in favor of a third term for President Cleveland. Ex-Sheriff Edward A. Lally was nominated for Member of Assembly.

Hon. George Dickey, nominated for Senator at to-day's convention, is one of Rockland county's best known and most honored citizens. He has often been a candidate for office and has never been beaten. He will make a vigorous canvass and use every honorable means to secure an election. He will be elected if Democrats and good citizens do their duty.

New York city's Board of Health adopted, yesterday, hygienic rules for the government of the public schools. Some of the new regulations are radical departures from school usages that have existed from immemorial time. Slates, slate pencils and sponges are abolished and pupils are forbidden to loan or exchange lead pencils and pen holders. Water for drinking purposes must be provided in covered pitchers in each classroom and each pupil must have a cup of his own or he will not be permitted to drink.

Will Thornton was in the saddle at the Sullivan county Republican convention at Monticello, yesterday. He was absolutely master of the situation. At his bidding the convention chose delegates who will favor his nomination for State Senator, and in making nominations for county officers Mr. Thornton saw to it that his friends were rewarded and his enemies punished. Party usage required the renomination of Hon. Henry Krenrich as Assemblyman, but Mr. Krenrich had been identified with the Couch-Baecher faction and Mr. Thornton had no use for him. The defeat of Mr. Krenrich has embittered a very large element among Sullivan county Republicans and the outlook now is for an old time Democratic majority in the county.

The Excise Reform Association, of which Hon. Dorman B. Eaton is President, has drafted an excise bill for submission to the next Legislature. It is claimed that its adoption will solve the Sunday question and put the whole business of liquor selling on a basis more satisfactory to the public and the dealers. The proposed law provides that each city and town shall vote on the question of granting licenses, if a certain proportion of voters petition for the submission of the question, and a decision thus made shall stand for three years. In the same way the question of permitting the sale of beer on Sundays may be submitted to the arbitration of the ballot box. A single Excise Commissioner is provided for, and he is divested of all discretionary power and made a mere executive officer, who is required to issue a license to every applicant presenting the required petition, paying the license fee and filing the required bond. License fees are fixed at from \$1,000 to \$100 for hotels and saloons, and it is provided that only one license shall be issued to every 500 of population. The owner of property used for hotel or saloon purposes is made jointly liable with the licensee for all fines, penalties and damages which may be incurred by failure to obey or observe the requirements of the law.

MASSACHUSETTS DEMOCRATIC NOMINATIONS.

BY UNITED PRESS.
WORCESTER, Mass., Oct. 2.—The Democrats, to-day, nominated Hon. George Fred Williams for Governor, and James S. Grinnell for Secretary of State.

Republican Assembly Convention.

The Republican convention for this Assembly District, held at Goshen, to-day, nominated Louis Bedell, of Goshen, for Member of Assembly. An informal ballot resulted in 40 votes for Mr. Bedell, 17 for Jesse Durland, of Warwick, 5 for Asa Howell, of Goshen, and 2 for A. B. Wheeler, of this city.

Mr. Bedell was then nominated by acclamation.

The Soldiers' Reunion.

All preparations for the reunion of Orange county soldiers, to-morrow, are completed and the committees are confident that the event will be one long to be remembered by those participating in it.

The Board of Charities.

The only business transacted at the regular meeting of the Board of Charities, yesterday, was the auditing of the following bills:
Superintendent's disbursements \$9 59
Dr. Julia Bradner 10 00
Dr. Chas. Collins 12 00

Population of the State Hospital.

According to the Conglomerate, there were, Tuesday, 1,115 patients in the State-Homeopathic Hospital for the Insane, in this city, of whom 551 were males and 561 females. During the week six patients were admitted and thirty-three discharged.

The Obedient Dog.

Here is a dog story by a Putnam chronicler: "One of the most interesting and at the same time truthful dog stories we have heard for some time is that told by Victor Poloquin, who keeps a confectionery store on Bridge street. Last winter he went to Canada and brought back with him a little black and tan dog, the gift of his father. All went well for about a month, when he had occasion to reproach him for some trifling offense, telling him in French to 'go home.' He saw no more of his dog and was greatly surprised recently to receive a letter from his father in Canada, informing him that the dog had returned. He was three months in making the journey."—Hartford Courant.

Chancellor Ate.

At Oxford there is what is called "chancellor ale," brewed out of 16 bushels of malt to the barrel, and so strong that two wineglassfuls will intoxicate most people. It is kept in oak, bell-shaped casks, and is never tapped until it is two years old. Some of the casks have been in use for half a century, but "chancellor ale" is only used at high table, when a man takes very high honors.

Blood Poison

In whatever form is readily cured by Hood's Sarsaparilla, the great blood purifier. Mr. S. S. Masten of Pleasant Valley, N. Y., a house painter, was afflicted with liver complaint, pain in the side, headache, constipation, etc., caused by lead poisoning. He took three bottles of

Hood's Sarsaparilla

and now works every day and feels like a new man. Take Hood's and only Hood's.

Impure blood is the cause of boils, pimples and other eruptions. Hood's Sarsaparilla purifies the blood, and cures these troubles.

Electric Bitters

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more early in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at McMonaghe & Rogers Drug store.

OBITUARY.

Mrs. Julia B. McWilliams.
Mrs. Julia B. McWilliams died at her home on Mulberry street, this morning, of heart disease, in her eighty-first year. She had been in failing health for some time.

She was the widow of the late B. Harvey McWilliams who died at Scotchtown about three years ago.

She was the last of twelve children of Moses Bull and Dolly Moore and was born on the farm now owned by Harvey Roe, near Scotchtown. She resided at Scotchtown until about eighteen months ago when she removed to this city.

She is survived by three daughters—J. Rose and Minnie I. McWilliams, at home, and Mrs. Eliza J. McWilliams, of Newburgh, and one son, R. Ado McWilliams, a druggist in Grand Rapids, Mich.

Mrs. McWilliams united with the Scotchtown Presbyterian Church at the age of fifteen, and retained her membership there until she removed to this city, when she became a member of the Second Presbyterian Church. She was a devout Christian, whose daily life was in accord with her professions.

The funeral notice appears elsewhere.

Funeral of Lizzie Strait.
The funeral of Lizzie Strait took place at 1 o'clock, this afternoon, Rev. F. A. Heath officiating. The interment was in the cemetery at Philipsburgh.

To Locate in the West.
Mr. Fred Hartford, son of Mr. W. W. Hartford, who has been a faithful employee of the Wells-Fargo Express Company for some time, will start, this evening, for Granite City, Ill., where he will take a position as fireman on a western road, of which his brother, Bert Hartford, is paymaster. Fred is a good boy, and his many friends here will wish him success.

Wedding Invitations Received.
Invitations have been received in this city from Mr. and Mrs. Thomas Dugan, of Reading, Pa., to attend the wedding of their daughter, Mary Curtis, to Mr. John Edward O'Grady, Wednesday, Oct. 16th, at 9 a. m., at St. Peter's R. C. Church in that city.

SHOOTING AFFRAY IN PORT JERVIS

John Doty Probably Fatally Injured by a Pistol Ball Fired by a Policeman
John Doty lies in the hospital in Port Jervis with a bullet wound in the abdomen that will probably cause his death. The shooting was done by Edward Loreaux, a special policeman, who claims he did it in self defence.

The officer has been on duty at the pumping station at Cuddeback brook for the last week. He was returning to the village shortly after 9 o'clock, last night. At the culvert on Kingston avenue he saw a crowd of young men and boys gathered about a bonfire, and addressing some of the party advised them to be very careful as everything was so dry that there was danger of starting fires that might do great damage.

This kindly advice was not received in the spirit it was intended and the crowd began to call the officer vile names and finally set upon him and beat and kicked him, Doty leading in the assault. He finally got away from the crowd but was followed to Hamilton street by Doty and William Walt, who there attacked him again.

The officer used his club but was unable to beat off his assailants and he then drew his revolver and fired two shots, hoping to frighten the men, but they rushed at him again and he fired a third shot at Doty.

The man fell to the ground and Walt's courage deserted him.

The officer went directly to the house of President Carley and reported what he had done.

Doty was taken to the hospital, where it was found the ball had entered his abdomen. It is believed the wound will prove fatal.

Doty is thirty-two years old and has a wife and children.

The officer has not yet been arrested and probably will not be, as it is believed that he was justified in using his revolver, and the village authorities will stand by him.

THE ITINERANTS' CLUB.

Large Attendance at All the Meetings.
—Interesting and Instructive Lectures.

The meetings of the New York Conference Itinerants' Club at St. Paul's M. E. Church, yesterday afternoon and evening and this morning, were well attended and the lectures very interesting. The principle one being "The Epistle to the Galatians" by Dr. M. C. Baell in three sections, the first and second of which were given yesterday afternoon and this morning; the third section will be given to-morrow morning; "Pulpit Oratory" by Dr. George K. Morris yesterday and to-day. Dr. Morris has a forcible manner and a great deal of personal magnetism, and his lecture this morning was an excellent illustration of his subject.

Dr. Robert W. Rogers lectured on "The Wisdom Literature of the Old Testament," giving some fine examples of Hebrew poetry and explaining their construction.

Sessions will be held to-night and also to-morrow morning, afternoon and evening. This evening Dr. J. M. Buckley will lecture on "Peculiarities of Great Orators."

Dr. Buckley is one of the most brilliant lecturers in America, and has appeared more than one hundred times at Chautauqua.

To-morrow morning the sacrament of the Lord's Supper will be administered by the presiding elders.

The afternoon and evening sessions will be very interesting, and it is expected that a large audience will be present.

Ministak's Democratic Delegates.

At a meeting of the Democratic electors of the town of Ministak, held yesterday afternoon, the following delegates were elected:

Senatorial—Thomas S. Hulise.
County—R. S. Tutill, William Elston, R. V. Casterline.
Assembly—R. H. Clark, James I. Van Sickle, S. H. Keepers.

A Narrow Escape.

Mr. Peter Lafever, while walking in the Erie yard, this morning, was struck in the back by the cross beam of the switch engine, but fortunately was not injured.

The Hat Shop Shut Down.

Owing to the bursting of the blow pipe in the boiler at the Wallick Hat Works, the shop had to shut down, this morning.

Grand Officers Coming.

Grand Regent J. F. Price, of Brooklyn, and Grand Vice Regent Beardon, of New York, will visit Concordia Council, Royal Arcanum, to-night.

To Remove to Middletown.

Mrs. Charles Knapp, of Nyack, who has been in town for a few days as the guest of Mrs. Alex. Merritt, leased a house on Lake avenue, and with her family will remove here about Oct. 15th.

Successful operations by surgeons are reported and published to the surgeon's credit, and it is also a benefit to the public to know of his skill. In this way Drs. Jones and Potter and their ability to cure rupture have become familiar to the public. Russell House, Thursdays.

HOOD'S PILLS cure Liver Ills, Biliousness, Indigestion, Headache. A pleasant laxative. All Druggists.

DEMOCRATIC SENATORIAL CONVENTION.

A Large and Representative Gathering.
—Much Interest Manifested.—Hon. George Dickey, of Rockland, Nominated.

The Democratic convention for this, the Twenty-third Senatorial District, met at the Casino at 1 o'clock, this afternoon, and was attended by many prominent Democrats from Orange and Rockland counties.

The convention was called to order by E. A. Brown, Chairman of the Senatorial Committee, who named F. A. Willard, of Newburgh, for chairman.

J. B. Suffer, of Rockland, and W. H. Shaw, of Orange, were appointed to escort Mr. Willard to the Chair.

Mr. Willard in a brief but ringing speech thanked the convention for honor bestowed upon him. He predicted that the convention would name the next State Senator.

Michael McCabe, of Haverstraw, and Geo. H. Thompson, of Middletown, were elected secretaries.

A roll call showed that the following delegates were present:

ROCKLAND COUNTY.
Orange-town—John Cassidy, A. Keirnan, W. H. Bannister, J. A. Polhemus.

Clarkstown—W. F. Ackerson, Lewis Biltz, L. W. Boyle.

Ramapo—J. B. Suffer, E. Johnson, Isaac Sherwood.

Stony Point—Dr. W. H. Keller, Edward T. Dyck, R. B. Stalter.

Haverstraw—Elliott B. Clement, H. F. Dorl, Michael McCabe.

ORANGE COUNTY.
Newburgh City—1st Ward—F. A. Willard; 2nd Ward—M. J. Mullen; 3rd Ward—W. Doyle; 4th Ward, H. B. Beckman; 5th Ward—Benj. Cliff; 6th Ward—Benj. M. Clung.

Newburgh Town—D. D. Barnes. New Windsor—John Riley.

Cornwall—Chas. Ketcham. Blooming Grove—F. E. Lahey.

Highlands—E. F. Farrell. Hamptonburgh—S. I. Webb.

Montgomery—J. P. Sears. Crawford—S. D. Roberson.

Deerpark—Thad. Mead, T. J. Beirnes, J. J. Bippus.

Ministak—T. S. Hulise. Mount Hope—Joel Northrop.

Wawayanda—Emmet McBride. Middletown—1st Ward—C. G. Taylor; 2nd Ward—A. V. Cook; 3rd Ward—John Gavin; 4th Ward—Geo. H. Thompson.

Goshen—P. A. Power. Woodbury—Youngs Thompson.

Walkill—W. H. Shaw. Greenville—S. Decker.

W. H. Bannister, of Nyack, in a very eulogistic speech presented the name of Hon. George Dickey, of Nyack, pledging, in the event of his nomination, that Rockland county would give him a rousing majority.

Benj. McClung, of Newburgh, in behalf of the Orange county delegation, seconded Mr. Dickey's nomination, pledging him the heartiest support of Orange county Democrats.

On motion of Mr. Mullen, the secretary was authorized to cast the ballot of the convention for Mr. Dickey.

Messrs. Stalter, Bannister, Cliff and McClung were appointed to notify Mr. Dickey of his nomination.

Mr. Laher, of New Windsor, offered the following resolution, which was unanimously adopted:

Resolved, That we heartily endorse the admirable State ticket nominated at Syracuse, and pledge our best efforts, most earnest and loyal support.

The following Senatorial Committee was appointed:

E. A. Brown, Middletown; B. McClung, Newburgh; J. A. Polhemus, Nyack; S. B. Roberson, Bullville; C. M. Vail, Goshen; M. McCabe, Haverstraw; T. Fulton, Washingtonville; J. J. Bippus, Port Jervis; J. B. Suffer, Hillburn.

Mr. Dickey, on entering the hall, was heartily applauded. In accepting the nomination he thanked the convention for the honor conferred upon him, promising to make every effort that he honorably could to secure an election and, if elected, to worthily represent the district.

W. L. THORNTON'S NOMINATIONS.

The Sullivan County Republican Convention Does the Boss's Bidding.

The Sullivan County Republican Convention at Monticello, yesterday, elected delegates to the Senatorial Convention who favor the nomination of ex Judge William L. Thornton.

Hon. Henry Krenrich, who expected a renomination for Member of Assembly, was ruthlessly turned down, and the nomination was given to Hon. U. S. Meester, of Liberty. Mr. Krenrich has been identified with the Couch-Beecher faction in local politics, and the Thornton faction being on top this year proceeded to take his scalp. Other nominations are: For County Treasurer, Jehiel W. Decker, for District Attorney, John P. Roosa, Jr.; for Special County Judge, Reuben R. Jelliff.

That Joyful Feeling

With the exhilarating sense of renewed health and strength and internal cleanliness which follows the use of Syrup Figa, is unknown to the few who have not progressed beyond the old time medicine and the cheap substitutes sometimes offered, but never accepted by the well informed.

INCIDENTS AND HAPPENINGS IN GOSHEN.

Last Game of the Season—A Runaway—Going Back to Bavaria—Grants for the Fire Companies—The Big Pump at Work—Death of Mrs. Hermance—Batting Averages—Other Notes.

From Our Regular Correspondent.

—It has finally been agreed that the deciding game of ball between the Middletown and Goshen teams will take place at Goshen. The game will be played at the Goshen Driving Park, next Saturday, Oct. 5th. Madison, of the Philadelphia League team, has been chosen by the management to umpire the game.

—A team of horses belonging to Mr. Chas. Johnson, who lives about two miles southeast of this village, took fright at the park drinking fountain, last night. The driver, a son of Mr. Johnson, was on the ground at the time, and unable to stop them. They ran up Church street toward home. They left Mr. Johnson and a number of milk cans at the fountain.

—Mrs. Margaret Zierer and her son, Joseph, left Goshen, this morning, for New York. They will take passage on the steamer Teutonic, which sails this afternoon, en route to their native town in Bavaria.

—At a special meeting of the Board of Trustees, held Monday afternoon, a draft of \$100 was ordered drawn on the Village Treasurer to the order of the treasurer of each of the village fire companies for parade day.

—East bound train 22, which leaves Goshen at 7:40 p. m., will stop at all stations between Goshen and Suffern, to-morrow, on account of the fire parade.

—It is the intention of the Christian Endeavor Society to have a full delegation present at the State convention, to be held in Brooklyn, this week.

—The big pump at the reservoir is in operation to-day. It throws a five-inch stream of water into the lake.

—Mrs. Amanda E. Hermance, widow of the late G. W. Hermance, and a cousin of Mrs. T. D. Tutill, of this village, died at Kingston, Sept. 19th, of consumption of the bowels, aged fifty-eight years and three months. She was the daughter of John A. Campbell, formerly of Middletown.

—The annual meeting of the Goshen Vocal Society, for the election of officers, will be held Friday night.

—Rev. W. E. Malson and family have given up their residence at St. James' rectory and during the remainder of their stay will board at the St. Elmo. Mr. Malson will preach his farewell sermon on Sunday, Oct. 6th.

—The batting average of the Goshen baseball team is as follows: Tenney, .555; Kipp, .435; Hoffman, .428; Landy, .404; Miller, .391; Kieran, .319; Hock, .303; O'Neal, .285; Kiggins, .282; Wardrop, .250; Jansen, .250.

Piles! Piles! Itching Piles!

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail for 50 cents. Dr. Swayne & Son, Philadelphia.

The Best Family Cathartic.

For a general home medicine Hood's Pills are unequalled. They were prepared for family use and they have been found entirely satisfactory wherever they have been used. Their sale has gradually extended until to-day the demand for them leads the trade to look upon Hood's Pills as "the coming pill." They relieve and cure so many troubles that they are really a whole medicine chest. They are mild and yet efficient.

Will you use any this season? 48 DYES—100 COLORS—300 SHADES.

Simple and easy to use for those discarded r bbons, scarfs, dresses, cloaks, leathers, hats, etc. A book on "Successful Home Dyeing" FREE, for the asking, at Olney's Pharmacy.

Where are they? 39 West Main street.

Do they make clothing to order as cheap in price as I can get it ready made?

Every bit, and in style and finish it is right up to date to-day.

That's the place I want.

HYMENEAL

Goldsmith-Fulton.

Mr. Alden M. Goldsmith and Miss Dorothy Fulton, both of Washingtonville, were united in marriage at the Presbyterian Church in that village, at 2:30 p. m. yesterday.

The ceremony was performed by Rev. Warren Hathaway, assisted by Rev. Joseph Greenleaf.

The church was beautifully decorated and was crowded with guests. Miss Lulu Parkinson was bridesmaid, and Mr. Judson K. Moore the best man.

The bride is a daughter of the late Thomas Fulton; the groom is a son of the late James H. Goldsmith, and the only grandchild of the late Alden Goldsmith.

DOINGS OF THE 24TH.

Two New Results—Ladies May Use the Alloys—The Bowling League.

The regular monthly meeting of the 24th Separate Company was held, last evening. Messrs. W. H. Ritch and John Mosher were elected to membership.

The several ladies' bowling clubs were tendered the use of the bowling alleys under the same conditions and restrictions that prevailed last season. The alleys will be placed in first class condition by Contractor Oscar Jones.

Corporal Royce was empowered to represent the company in negotiations pending for the formation of a bowling league between the Goshen Athletic Club, the D. Park Club, of Port Jervis, the City Club, of Newburgh, the Warwick Athletic Club and the 24th Separate Company.

After the meeting cigars were passed around with the compliments of Musician John F. Colwell, in honor of the recent arrival in his family.

Maintaining an Eel Weir a Great Crime Than Murder.

The Pennsylvania Fish Commissioners and the Fish Wardens of Pike county are making a vigorous effort to destroy the eel weir in the Delaware. An Erie fisherman having the weir in mind said to Fish Commissioner Ford: "So far as I am concerned and what I know of this place, I'd rather commit murder over here than have an eel weir in the river. It seems to be a more serious charge."

Cart and Horse Notes.

In a field of eleven horses that started in the 2.45 class, pacing race, at Terre Haute, Monday, nine were able to get inside the distance flag in three heats, which were in 2:11 2/4 and 2:13. Belle T. was the winner.

Legene, the promising three-year-old trotter, owned by Mr. J. R. Sheeley, of Ellenville, won first money in the three-year-old stake race, at the Interstate Fair, at Trenton, N. J., yesterday. Time 2:28, 2:28 and 2:29.

Millmen at the Rifle Range.

Several members of the 24th Separate Company visited the Hawkins rifle range yesterday afternoon. The early hours were devoted to practice on the 500 and 600 yard ranges, but all who shot failed to qualify as sharpshooters. Private T. D. Paret qualified as a marksman with a score of 33 at 200 and 300 yards. A clam roast, with the usual accompaniments, was enjoyed during the afternoon.

A Great Waste of Money.

Jacob P. Gaudy, who owns the land on which is situated the rifle range of the Newburgh Gun Club, yesterday, delivered to a junk shop in Newburgh seven barrels of cartridge shell, which he had gathered on the range within the last three years.

A Maimed Chicken Laid a Heavy Sentence.

A chicken thief, whose foot was shot off while he was making a raid on a henery at Arcola, was carried into court at Hackensack, yesterday, on a stretcher and sentenced to eight months in State prison.

Sent to Orange Farm.

John Warden, who was assaulted and robbed by tramps in a freight car while stealing a ride, was sent to Orange Farm, yesterday, to remain until he recovers from his injuries.

No mystery about it. When the Shakers offered some time ago to give away a bottle of their Digestive Cordial to any one who might call at their New York office, there was a great rush and a great many people thought they were crazy.

Subsequent events prove it to have been a very clever advertising transaction, for although they gave away thousands of bottles, it was in the end profitable, nearly everyone that took a free bottle came back for more and paid for it with pleasure, saying they had derived better results from its use than from any other medicine they had ever used.

There is nothing so uniformly successful in the treatment of stomach troubles as the Shaker Digestive Cordial, and what is better than all, it relieves at once.

Maxol, the new form of Castor Oil, is so palatable that children lick the spoon clean.

THE 24TH COMPANY'S FAIR.

The Committee Who Will Have Charge of the Different Booths.

The General Committee of the 24th Separate Company fair met, last evening, and announced the selection of the following booth committees:

Children's Booth—Mrs. L. S. Stivers, Chairman. Mesdames F. O. Rockefeller, C. J. Giering, G. F. Townsend, L. W. Crans, L. O. Purdy, E. T. Hanford, T. D. Mills, M. L. Stewart, C. H. Smith, E. R. Rose, A. E. McLoys.

Candy Booth—Mrs. A. L. Decker, Chairman. Mesdames E. M. Decker, O. H. Brown, H. O. Benson, A. E. Nickerson, Misses Lillian Wiggins, Ella Wiggins, Mae Rocka, L. L. Llan, J. Cox, Kate Green, Julia Meyers, Lou Sloan, Claribel Pillstury.

Japanese Booth—Mrs. C. S. Cooper, Chairman. Mesdames C. C. Luckey, Thos. Gordon, F. O. Pomphrey, J. C. Jordan, Geo. Buchanan, Geo. Dorance, J. F. Tutbill, Misses Fannie Dorrance, Kitano and Christine Iseman and Miss Hall.

Gentlemen's Booth—Miss Elizabeth Royce, Chairman. Mesdames M. O. Asule, A. S. Richmond, G. A. Swalm, Jr., Misses Anna May Bull, Nellie G. Hanford, Mamie J. McNish, Nellie Munger, Eleanor B. Royce, Florence O. Swalm, Anna G. Taylor, Julia Wickham, Virginia Thompson, Mary R. Wisner.

Lemonade Booth—Miss Lizzie Wengenroth, Chairman. Misses Anna Rieckel, Emma Forthoff, Hannah Vanderhoff.

Cake and Domestic Booth—Mrs. J. W. Conkling, Chairman. Mrs. S. A. Kane, Mrs. W. S. Jones, Misses Carrie Purdy, May Hartman.

The members of the fancy booth committee, Mrs. Geo. E. Wallace, chairman, will be announced in a few days.

THE FIRE PARADE

All Arrangements Completed at a Meeting of Officers, Last Night—The Military Style of Salute Adopted.

The Board of Engineers and the foremen and assistants of the Fire Department met at Excelsior's rooms, last evening, and completed the arrangements for the annual fire parade, which will be held Oct. 4th.

The plan of formation and line of march, as published a few days ago, was adopted.

The foremen also adopted a uniform style of salute to be used while passing in countermarch and in review. In recent parades, most of the companies have used the uncovered salute, while passing in review, and several companies which have adopted the military style of salute, by officers only, have been severely criticized for the supposed affront offered the reviewing officers, in not using the uncovered salute.

In the coming parade the salute will be given by the officers only.

THE LIBERTY SANITARIUM.

Nearing Completion—To Cost \$100,000 and Accommodate Only Twenty Patients.

The sanitarium for consumptives, near Liberty, is rapidly nearing completion. The main building, 198x49 feet, which will cost \$65,000, will have accommodations for eight patients and each of three cottages will accommodate four patients. The total cost of the buildings and grounds will be \$100,000, and since only twenty patients can be accommodated it would seem that much money is being expended with a possibility of benefitting but very few of the afflicted.

The Orange Blossoms Flag.

The committee of ladies who are to purchase a flag for the Orange Blossoms were met in New York, yesterday, by Mr. J. Blackburn Miller, of Newburgh, and in company with him visited several stores and looked at a number of flags. No selection was made, it being thought advisable to confer with Capt. Wisner as to certain details, before giving an order for the flag. As soon as all the details are determined on the flag will be ordered.

Signs of Winter.

The top of Mount Ustayantha, in the Catskills, was white with snow, yesterday morning.

The Ideal Panacea

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physicians' prescriptions or other preparations."

Rev. John Burgee, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this ideal cough remedy now. Trial Bottles Free at McManis & Rogers's Drug Store.

Doubtful Sympathy.

Pat Regan had a face on him that, as he had once remarked himself, was an "outline to the land-scape." Next to his homeliness, his poverty was the most conspicuous part of him. An Irish neighbor met him recently, when the following colloquy ensued:

"An how are ye, Pat?"
"Mighty bad, intently. It's starvation that's shinar me in the face."
"Is that so?" Sure, an it can't be very pleasant for ye, of ye?"—Montana Columbian.

A Patriot's Dinner.

Marion, the American Revolutionary general, once feasted an English officer on sweet potatoes baked in the fire by a daisy and served on a strip of bark, with a log for a table. It is said that the officer resigned and went home, saying it was no use to try to conquer people who could live on sweet potatoes.

Deliberate treachery entails punishment upon the traitor. There is no possibility of escaping it, even in the highest rank to which the consent of society can exalt the meanest and the worst of men—Junius.

There is one instrument that no clever woman has ever learned to play, and that is a second fiddle.
